RAJA MUHAMMAD ZUBAIR

AI-Powered Product Designer | UI/UX Designer | Webflow & Framer Developer

+92 304 5626573 | Islamabad, Pakistan | rajazubair5626573@gmail.com | LinkedIn | Portfolio: rajazubair.me

PROFESSIONAL SUMMARY

AI-Powered Product Designer and UI/UX Designer with 2+ years of experience creating modern, intuitive, and production-ready digital experiences for SaaS, e-commerce, and international clients. Designed 40+ digital projects across websites, web applications, and mobile products. Specializes in Figma, design systems, user flows, wireframing, prototyping, and responsive design, with practical expertise in Webflow and Framer. Leverages AI-powered tools and workflows to accelerate research, ideation, design exploration, prototyping, and development. Experienced in collaborating with international agencies, clients, and development teams to transform ideas into scalable, user-centered digital products.

> **TOPTAL — TOP 3% GLOBAL TALENT NETWORK**
>
> Selected among the top 3% of talent worldwide and accepted into Toptal's exclusive global professional network in November 2026.

WORK EXPERIENCE

Product Designer · Toptal Talent Network

November 2026 – Present

International · Remote

- Selected to join Toptal's exclusive global talent network, recognized among the top 3% of talent worldwide, following successful completion of its rigorous talent evaluation process.

UI/UX Designer · Devcubix

August 2026 – September 2026

Islamabad, Pakistan · Full-time

- Designed end-to-end UI/UX, from wireframes to high-fidelity Figma designs, for client and personal-brand projects, including Jibola, Fela Studio, MoveWell, US4U, Ian Bland, Pinnacle Development, Surge, E and Naveen Portfolio.
- Managed multiple concurrent design projects across different industries, from initial concept through developer-ready handoff.
- Collaborated with clients and the internal team to transform briefs into polished, on-brand interfaces.

UI/UX Designer · Synctom June 2025 – July 2026

Islamabad, Pakistan · Full-time

- Designed and launched Axion Lighting's first-ever website from scratch; new customers began purchasing through the site after launch.
- Redesigned Synctom's own website into a full multi-page presence.
- Designed CWESD, an LMS platform, and HomeHeaven, a real estate platform, end-to-end, from wireframes to design systems.
- Presented designs directly to stakeholders and balanced four concurrent client projects without missing a deadline.

UI/UX Designer and Webflow Developer · Flow Cubo February 2025 – July 2026

International Agency · Remote, Part-time

- Partnered with an international design agency to produce high-fidelity Figma designs and responsive, production-ready Webflow builds for overseas clients.
- Redesigned Prime Renovations (New York) and Cyberrey (cybersecurity), replacing unclear websites with premium, trust-building designs that both clients credited with bringing in new customers.
- Delivered a full redesign for Pablo Marbles & Granite, earning a bonus beyond scope.
- Independently handled design-to-Webflow handoff with CMS integration under agency QA standards.

INDEPENDENT PROJECTS

Personal Portfolio — rajazubair.me
Designed and built a personal portfolio from scratch, covering the complete pipeline from UX design to front-end development. Each case study links to a live, browsable Figma file.

Reclaim (9D Technologies) — Data Recovery App
Designed the UX for a technically complex data-recovery workflow, focused on making multi-step recovery processes understandable for non-technical users.

EDUCATION

Bachelor of Science in Computer Science (BSCS) September 2022 – June 2026

National University of Modern Languages (NUML), Islamabad, Pakistan

Graduated · CGPA: 3.49 / 4.00
